Eric,

Thanks but no, EPA does have the antidegradation application, you just sent me, submitted by AEC.

I was looking for OEPA's antidegradation Social/Economic Justification Report for the Lowering of Water Quality for Receiving Stream: Unnamed Trib of Piney Creek and Captina Creek for the American Energy/Century Mine/Bennoc Refuse Disposal Area, dated October 18, 2012 conducted by OEPA, signed by Bruce Goff.

You will see in the attached file received by EPA in November 2012, that the S/E J Report is missing page 2, the items are organized alphabetically, and page 1 contains (a) - (d) and then the next page scanned into this file, contains letters (j) -(m).

So missing are (e) - (i)

We had asked for that complete document that would include page 2 of the Social/Economic Justification Report, dated October 18, 2012 conducted by OEPA

Thanks much,
